

NNR GLOBAL LOGISTICS SUSTAINABILITY POLICY

Based on the Nishitetsu Group's policies on sustainable management, we contribute to solve social issues through the provision of global logistics services and contribute to the establishment of a sustainable social system in cooperation with our customers and suppliers.

Preservation of the global environment

We contribute to the preservation of the global environment by providing clean logistics services throughout our supply chain in order to realize a carbon neutral society.

Creating value that exceeds expectations of customers

We pursue the creation of new value that exceeds customer expectations by providing high-quality, innovative logistics services.

Honest Dialogue

We will appropriately disclose information and engage in sincere dialogue with our stakeholders to enhance their level of trust in us.

Respect for Human Rights

We respect the human rights of all stakeholders involved in our business activities.

Promotion of compliance and strict control of information

We will comply with the social norms, laws and regulations, and international rules of each country and region, and conduct our business activities in a fair and sincere manner. We will also strictly manage confidential information, including information entrusted to us by our customers.

Creating a workplace where diverse human resources can play an active role

We will promote diversity and create a work environment in which all employees can fulfill their potential.
